Subject: Recording of US Department of Education FERPA 101 Training and Associated Materials

Thank you for attending the FERPA 101 face-to-face or virtual training session offered by the U.S. Department of Education. We did have some technical glitches during the webcast of the first training session and we apologize for any inconveniences it may have caused. These glitches were successfully resolved.

If you were unable to attend one of the sessions due to the technical glitch or for other reasons, I'm providing a link to the recorded session and it will be available for 90 days. When you click on the FERPA 101 you will be asked to log in with your NMSU username and password.

<http://panopto.nmsu.edu/ferpa/>

The training is very informative and highly recommended as the U.S. Department of Education provided a lot of good guidance on how NMSU can ensure FERPA compliance at an institutional level.

I'm also attaching a copy of their PowerPoint slides, which were requested by several of the attendees.

Thank you for your attention to this very important matter. Please do not hesitate to contact Carlos Lobato, NMSU's IT Compliance Officer, at 575-646-5902 or via email at clobato@nmsu.edu if you have any questions or need additional information. You are always welcome to contact me as well.
